

Southern European Professional Cable Trays

Overview

SFSP manufactures a wide range of products capable of providing the characteristics which respond to the proposed application, along with quality of assembly, speed of installation, and cost-saving cable trays. Pre-Galvanized, Hot-Dip Galvanized, Stainless Steel and Aluminium. Discover a comprehensive range of high-quality cable trays and cable ladders at ekabel24.com – the reliable choice for safe, organized, and standards-compliant routing of power, data, and control cables. Whether you need hot-dip galvanized steel, stainless steel, or halogen-free plastic systems. These are cable management systems composed of trays, mounting support systems, direction changing parts, connection parts and fittings with the purpose of carrying and fixing cables safely in the electrical installations. Fast installation – Reduce installation costs with quick and efficient. MEKA® KR cable trays are suitable for areas where the cable tray remains visible but the cables are not desired to be visible. Founded in 2006 as a subsidiary of Çemesan Group, which has been operating in the steel industry for nearly 40 years, Eurotray is an established.
